

SOHO Self-assembly steel racks

• DIY

- Multi-functional shelf is suitable for sorting CDs, DVDs, books, and display any heavy-duty objects. The shelf is adjustable according to your own needs.
- Use with a cross-brace increases stability and safety.
- Rear supporting bars can prevent objects from falling. Make sure the two sides are parallel.

1. Adjustable and extendable self, easy to place according to your own needs.
2. Easy assembly: only one screwdriver and four screws required for assembly.
3. High loading capacity for each layer : 100kg
4. Amazing loading capacity of one shelf: 400kg.
